

# NHCAA 2010 EXCELLENCE in PUBLIC AWARENESS AWARD

Presented to

**THE SENIOR MEDICARE PATROL PROGRAM**  
ADMINISTERED BY THE ADMINISTRATION ON AGING,  
UNITED STATES DEPARTMENT OF HEALTH & HUMAN SERVICES

The Senior Medicare Patrol (SMP) program is recognized for its important work of informing our nation's seniors about the dangers of Medicare fraud. Its cooperation with authorities in every state, territory and the District of Columbia has been critical to raising awareness among seniors about Medicare fraud and what they can do to help combat it. Overall, the SMP's efforts have helped Medicare, Medicaid and other payers save \$101 million since 1997, monies that would otherwise have been lost to fraudulent claims.

*For these achievements, NHCAA is proud to recognize the Senior Medicare Patrol Program and its administrators for their outstanding contribution towards the public awareness of health care fraud and its destructive impact on our health care system and our nation's citizens.*
