Indiana’s 15 Area Agencies on Aging (AAAs) deliver services to older adults and people with disabilities of any age and their caregivers. AAAs provide information about resources and service providers, assess needs for service, make referrals to case managers, link to services, monitor consumer satisfaction and adjust services to meet changing needs.

AAA's staff will help you plan how best to meet your long-term services and support needs, whether that be through your own resources or those of your family, through community resources and/or through other sources of subsidy for which you may qualify.

Some subsidies are available based on age alone. Others are based on your level of disability, income and assets. Some subsidies may require a cost-share.

You should contact your AAA to determine what resources are currently available and best fit your needs.
